

element61 CCH Tagetik Day 2023

Date: June 20th, 2023 | Venue: Hotel Van der Valk
Address: Rode-Kruisplein 1-4, 2800 Mechelen

Timing	Session
12.00-13.00	Walking Lunch
13.00 - 13.15	Introducing element61 & Wolters Kluwer <i>Frederic de Schutter, Partner Business Analytics - element61 & Roel Haverland, Managing Director - CCH Tagetik Benelux</i>
13.15 - 14.15	CCH Tagetik Finance Transformation Platform Overview, Novelties & Roadmap  The CCH Tagetik Finance Transformation Platform connecting finance and operations keeps extending. Discover how you can optimize all your financial reporting processes in one platform to deliver better insights, make faster decisions, and drive your business. We will also give you insight in latest novelties added to the platform such as Tax reporting & Predictive Intelligence. We will end the overview session with an explanation of the CCH Tagetik roadmap. <i>Bjorn Van Damme, Partner Business Analytics - element61 & Gerard van Rooijen - Solution Architect CCH Tagetik</i>
14.15 - 15.15	 Combining CCH Tagetik ESG with a Modern Data Platform to optimize ESG Reporting from Data collection to Final Disclosure  ESG is a very broad topic that is increasingly impacting every part of an organization and will require automatic and manual data collection processes to be revised drastically to fulfil both internal and external ESG reporting needs. During this session, we will explain our vision on how both Modern Data Platforms (MDP's) and CCH Tagetik solutions can play a key role in this reporting process. <i>Frank Lehouck, Partner Business Analytics - element61</i>
15.15 - 15.30	Coffee Break
15.30 - 16.10	 How to implement CCH Tagetik in a dynamic Holding context  Alcopa is a family-owned investment firm headquartered in Belgium investing in companies close to its historical competence of international distribution. SAP BPC was migrated to CCH Tagetik during a period where Alcopa significantly changed its investment portfolio which also had its impact on the reporting architecture of the Group and its affiliates. During this session, they will provide insights into their CCH Tagetik journey, the CCH Tagetik reporting landscape and where they still see potential for additional initiatives. <i>Nathalie Wené, Group Reporting Manager - Alcopa & Jan Waumans, Group Financial Controller - Alcopa</i>
16.10 - 16.45	 Best Practices to realize direct CCH Tagetik integrations with your BI solutions  During this session, we will explain how you can benefit from Open data protocol (OData) and build RESTful API's to exchange data securely. CCH Tagetik is an excellent solution to realize your in-process reporting, but most organizations also want to share the CCH Tagetik data to a broader non CCH Tagetik audience. We will explain which possibilities exist and how you can easily configure CCH Tagetik to establish a direct connection with your data warehouse or Power BI environment. <i>Rohit Santoshwar, Senior Tagetik Architect - element61</i>
16.45 - 17.25	 A step by step journey to detailed budgeting & forecasting using CCH Tagetik Analytical Information Hub (AIH) at Mediahuis  As a publisher, Mediahuis believes unconditionally in independent, high-quality journalism. Being present in 5 countries with 30+ news brands, they bring information to the world, provide clarity and make a positive contribution to people and society. Mediahuis switched their consolidation and management reporting environment to CCH Tagetik a few years ago. At this moment, they are in the middle of a stepped journey to standardise their detailed budgeting and forecasting models that exist within the different departments into a central CCH Tagetik application complemented by detailed AIH data sets. During this session, they will zoom in on the central application, the Payroll calculation as well as the road that lies ahead. <i>Katrijn Peeters, Group Controlling Manager - Mediahuis</i>
17.25 - 17.30	Wrap-up and future sessions
17.30 - 19.00	Networking Reception
